PROFILE

Front-End Developer with 3+ years of experience designing and building responsive, high-performance websites and web applications using JavaScript, React, Tailwind CSS, PHP and WordPress. Experienced in owning projects from design through deployment, with a strong focus on user experience, performance, accessibility, SEO and conversion-focused websites.

SKILLS

- **Languages & Frameworks:** JavaScript (ES6+), TypeScript, React, PHP, HTML5, CSS3, Bootstrap, Tailwind CSS
- **Web & WordPress:** REST APIs, AJAX, Node.js, WordPress (Custom Plugins, ACF, Gutenberg, Bricks Builder)
- **Performance & Tools:** WCAG 2.1, Core Web Vitals, Git, GitHub, VS Code, Postman, Figma
- **AI:** Claude, ChatGPT, OpenAI API Integration

EXPERIENCE

Full Stack Web Developer | *Milani Electric and Solar Pvt. Ltd. (sister company of Milani Plumbing, Heating & Air Conditioning, Canada)* | Jan 2026 – May 2026

- Sole developer responsible for delivering a production website from design through development and deployment, owning the complete implementation while collaborating directly with stakeholders to deliver a responsive, conversion-focused user experience.
- Designed and built a custom WordPress plugin ("Milani Core") extending core CMS functionality to remove reliance on third-party plugins, including a 3-tier geolocation engine (IP detection → postal-code fallback → Haversine distance calculation) to route visitors to the correct regional content.
- Generated 100+ dynamic city/service pages programmatically using custom post types and rewrite rules, cutting new-location setup time by an estimated 60% versus manual page creation across 13 cities.
- Built an AJAX-based lead capture system writing to a custom database table, integrated with reCAPTCHA v3, Google Tag Manager, and the Conversions API.
- Implemented JSON-LD structured data for local SEO

Career Break | 2023 – 2025

Software Developer (Frontend) | *Compunnel Software Group, Inc.* | Jul 2022 – Jan 2023

- Built and enhanced reusable React.js UI components for Red Hat's client-facing eBook platform, implementing WCAG 2.1 Accessibility standards.
- Worked with Redux for state management across a large codebase with multiple interconnected dashboard interfaces. - Diagnosed and resolved complex UI bugs including a bookmarking feature issue and collaborated asynchronously with testers, designers, and project managers across multiple dashboard interfaces.
- Applied Material Design principles across components
- Wrote unit tests using Jest and Enzyme and tracked work via Jira.

Coding Mentor – Web Development | *WhiteHat Education Technology Pvt. Ltd.* | July 2020 – July 2022

- Delivered structured remote learning content on HTML, CSS, JavaScript, REST APIs and CRUD via a game-based learning platform; guided students in building accessible, interactive projects and integrated AI-assisted development workflows and automation tools into the curriculum.

Program Associate | *Channelpay Limited* | March 2018 – March 2019

- Managed client projects for global brands including Adidas and Hublot, conducting operational and mystery audits across retail locations.

Frontend Intern | *IBM India Pvt. Ltd.* | June 2016 – July 2016

- Designed and delivered responsive landing pages for Vodafone product campaigns, applying mobile-first design principles

EDUCATION

- B.Tech ECE — NorthCap University, Gurugram, India | 2014 – 2018 | CGPA 7.31
